ABOUT US

Government Higher Secondary School, Arwani Bijbehara Anantnag is one of the oldest and reputed educational institutions in Kashmir. The institution is doing Yeoman's service to the cause of imparting education to young generation. Our results have been at par excellence and speak volumes about our sincere and tenacious efforts. The students have shown excellence on both curricular and co-curricular activities. The relentless efforts and team spirit on the part of both teaching and non teaching faculties have added colours to the institution. At times going against the current, when the wind is not favourable, tides don't help but hinder the development, progress and advancing in different spheres of the institution has never been disrupted

However, the credit goes to the whole faculty members who have always been on the forefront to assess, recognize, encourage and execute all the development, curricular and Co-curricular activities of the institution. Finally, all of us must realize that we have to strive hard and avail every opportunity to lead our institution on the right direction in all perspectives. Though much has been covered, much more remains unattained.
